FOR IMMEDIATE RELEASE:

David Dryden and Travis Carter named 2012 Five Star Wealth Manager For Exceptional Client Service in the North Central Texas Area.

Plano, TX (June 26, 2012) – David Dryden, CFP[®], ChFC[®], MS, and Travis Carter, CFP[®] of Insight Wealth Partners, LLC have been named recipients of the 2012 Five Star Wealth Manager Award. This prestigious award comes from *Texas Monthly* magazine and Five Star Professional, who conducted extensive research on wealth management professionals who provide their clients with exceptional service. Dryden and Carter were nominated as advisors that represent the highest quality service and professional commitment to their clients. Over 2,000 candidates were nominated by their peers, their firms and their clients, and less than four percent of all wealth managers in north central Texas became award winners.

As founding principals of Insight Wealth Partners, Dryden and Carter have many years of professional expertise as wealth managers and maintain the highest ethical and fiduciary standards, making them the ideal recipient of this award. At Insight Wealth Partners, they are not only knowledgeable on today's financial markets, they are committed to delivering productive advice, and ultimately guiding clients through important life decisions.

"I am honored that my clients and peers feel confident of the services that I provide. The Five Star award is important to me because it shows that I am meeting the needs of my clients," stated Carter.

"This award is an accomplishment because it recognizes our efforts in putting our clients' needs first and making sure they are secure and successful. Our clients are our top priority, and we take great pride in those close relationships," explains Dryden.

The Five Star award goes to wealth managers rated highest in overall satisfaction by clients, peers, and industry experts. At Insight Wealth Partners, they understand that every client is unique and therefore use a thorough, customized approach to financial planning and wealth management.
